## GAGE BLOCK SETS ON PROMOTION

From January 1st to June 30th 2019

### Ceramic Gage Blocks

The ceramic material is Zirconia and is very resistant to wear and tear, and has excellent corrosion resistance.

### Croblock® Gage Blocks

Our flagship gage material; Chromium Carbide (Croblock). Excellent resistance to corrosion, and proven long-term dimensional stability.

### Steel Gage Blocks

Steel gages are the most economical and have the same coefficient of thermal expansion as common manufacturing steels.
